Inspiring Excellence for
More Than 25 Years

Delta West Academy (DWA) truly changed my life. At DWA, I gained the skills necessary to become successful in any career I chose. Growing up in rural Northern Manitoba, my dreams and aspirations were limited to my narrow view of the world. It was the inspiring teachers at DWA that pushed me to expand my perspectives and develop in to the person I am today.

“Now returning as a teacher to Delta West Academy, I hope to inspire and help students develop the character and worldly knowledge that I gained by being part of this amazing community. DWA has been the best experience of my life.” A. Bhagria, Alumni and Current Faculty Member
